## AN INTERNATIONALLY ACKNOWLEDGED AND SUCCESSFUL FENCING COACH IS SEARCHING FOR A NEW JOB

I am a highly qualified and successful fencing coach (a sophisticated foil and epee expert). - I am searching for a new ambitious job, in a professional environment as a trainer and coach. I passed through an extensive trainer apprenticeship (Academy for Physical Education in Katowice under the direction of Professor Zbigniew Czajkowski) as well as a long standing practical experience.

Responsible thinking and conducting of own decisions plus organizational efficiency and a large amount of assertiveness concerning the occupational commitment are self-evident for me.

My students have accomplished a large number of achievements at several national and international events for the national fencing teams of Poland, Austria and Germany.

The most successful students (and some of their successes) are the following:

For Germany:

<b>André Weßels</b>	four times Junior World Champion (2 × Individual, 2 × Team)
<b>André Sanita</b>	Bronze Medal at Cadet World Championships, Silver Medal at Junior European Championships
<b>Moritz Kröplin</b>	Junior European Champion
<b>Marius Braun</b>	European Champion (Team), 5th place at Junior World Championships
<b>Björn Weiner</b>	Cadet European Champion
<b>Franziska Schmitz</b>	Silver Medal at U23 European Championships
