### Information Letter no. 28-2017

Dear Member Federations,

In his electoral program the president projected to make the renewal of the EFC-Website a priority. The Czech based company UVM won a tender launched by the EFC COMEX and started the work by gathering information on the specific needs of the EFC in order to create a state of the art website.

We are now asking your collaboration by answering the survey that is published at the EFC-website. Please spread this information, go to the EFC-website and answer the survey. It will not take you more than five minutes – the more information we get the better the website will be adopted to the needs of the national federations.

We are looking forward to your cooperation.

With best regards,
