Information Letter no. 09-2014

Jerusalem Championships

Dear Member Federations,

due to some changes in the Municipality of Jerusalem and a change in the Organising Committee of the European Cadet and Junior Championships the EFC had to follow some changes with regard to the venues. You will receive in due time the usual "Information for Delegations" by our Technical Director with precise details.

Today we want to remind you urgently to follow the demand of the organisers **to send with your registration forms also photos of your athletes and other members of the delegation.** This will speed up the registration process in Jerusalem and you have not to stay in line and wait for attention. Please follow this request!

We also send a reminder to those federations who have not yet paid their 2014 membership fee and also have not informed us whether they pay by bank transfer before the championships or in cash in Jerusalem.

Best regards,
Max Geuter
