

European Fencing Confederation Confédération Européenne d'Esime

April 8, 2020

Information Letter no. 9-2020

Dear Member Federations,

In reference to the information letter no. 25-2019 from November 10, 2019, because of COVID-19 Global pandemic EFC Comex strongly recommend not booking airline tickets for EFC Congress to Sochi, scheduled on September 12, 2020 as we cannot predict whether the Congress will take place on time.

For now we know that hotel Radisson, where our Congress should take place, is prevented from hosting events due to the fact that clear restrictions are in place including no gatherings allowed over a certain number of participants and obligatory 14 days self-isolation for all the people entering Russia from abroad.

During yesterday's virtual Comex Meeting we asked EFC Legal Commission to carefully review our internal regulations and legal possibilities in case we are not able to organize our EFC Congress on time.

We will keep you updated about further steps.

Best regards,

Secretary General
European Fencing Confederation

Jacek Stupski
