

European Fencing Confederation Confédération Européenne d'Esgrime

October 14, 2020

EFC CALENDAR

Information Letter no. 22-2020

Dear Member Federations,

Considering the global current pandemic situation, the FIE decision regarding the international calendar and consultations that we have made with the organizers of the EFC tournaments and Member Federations, EFC Comex, concerned for our common safety, decided not to organize EFC competitions and tournaments until January 1, 2021.

However, all organizers, having a better understanding of the local COVID-19 developments and governmental restrictions, who judge the situation safe enough to organize an international tournament can count on the EFC's support in the technical issues, namely:

- We will publish each invitation on the EFC website;
- Interested federations will have the opportunity to register fencers on the EFC Service Portal and enter them to a competition;
- The organizer will be able to download concerned xml entry file without any ranking after the competition;
- The EFC will publish on our website and on social media results, photos and news from each tournament.

Please also be informed that:

- no EFC licenses are required,
- no EFC ranking will be kept from results,
- no EFC label is allowed to be used on these tournaments,
- the EFC cannot be held liable for any exposure to the COVID-19 virus caused by participating in these competitions for which the EFC provides abovementioned support.

If your federation is willing to organize an open, international tournament and is interested in support from the EFC, please send me exact date, place and age category.

Yours faithfully,

.....
Jacek Słupski
Secretary General
