**Senior European Championships**

Dear Member Federation,

Considering the dynamics and general epidemiological situation development on a global scale (including in other Confederations), local organisers' commitment to hold the Senior European Championships in accordance with the FIE safety regulations in place and consistency of such approach with the actual state of qualification for Tokyo Games, the EFC Executive Committee decided to support the initiative of the Fencing Federation of Bulgaria to postpone the Senior European Championships in 2021 until after the Olympic Games in Tokio.

EFC Executive Committee has supported the Bulgarian proposal and requested the FIE Executive Committee to consider this in the context of general decision regarding all Zonal Senior Championships.

Best Regards,

.....
