New Criteria of Evaluating Referees to obtain EFC C licence

Information Letter no. 28-2022

Dear Member Federation,

I am contented to inform you that the Executive Committee of the EFC established new criteria of evaluating referees to obtain the EFC C licence from the 2022/2023 season.

New criteria:

"C licence" as first licence

2 evaluations + mandatory online seminar

A referee must receive 2 times 5 (excellent) evaluation and mandatory attendance in online seminar conducted by the EFC Referees Commission.

4 evaluations + mandatory online seminar

A referee must receive 4 times 4 (very good) evaluation and mandatory attendance in online seminar conducted by the EFC Referees Commission.

"C licence" as 2nd or 3rd license (FIE licence holders)

2 evaluations + mandatory online seminar

For referees who have FIE licence in other weapon (s) 2 evaluations 4 or 5 are sufficient and mandatory attendance in online seminar conducted by the EFC Referees Commission.

The main motivation was to reduce costs of delegating referees for the Circuit Cadet Cups.

The new criteria will be updated in the EFC Administrative Rules very shortly.

Jacek Slupski
General Secretary
