## FENCING FOR EVERYONE

---

### 1. Number of tournaments

- a) 4 individual tournaments in each weapon and gender.
- b) 4 team tournaments in each weapon and gender.

### 2. Rules of the Project

#### Countries which can register fencers

These tournaments are opened for countries affiliated in the EFC, plus countries from other continents which are registered with the FIE.

The registration of fencers, coaches and referees from Europe and other continents is possible only for persons who possess a valid EFC licence. Registration of all persons must be done through the EFC service portal within 7 days before competition starts.

#### Individual tournament

Each member federation can register an overall total of 24 fencers for each tournament, between 13-23 years old. Taking into consideration the general objective of the project we are anticipating that federations will register 12 fencers in the U-23 category and 12 fencers in the U-20 category. If a federation does not use their quota of 12 registered U-23 fencers, the remaining number, up to a maximum 6 fencers, can be used by the federation to register additional fencers in the U-20 age category.

For the organising country the quota is doubled.

#### Team tournament

1 team per country can be registered. At least two fencers U-20 shall be included in this team.
